Dated information: not to be used for flight procedures. ADOT, ASU, RGR Publications and Pilots Guide to Southwestern Airports make no warranties, implied or expressed, with respect to the information shown on these maps.

## Economic Overview

The total economic impact (primary plus the multiplier effect) of aviation activities in Yuma County exceeds \$102.2 million per year. This impact originates from a variety of aviation-related activities including commercial air transport, general aviation, cargo transport, military activities, and travel and tourism.

These activities have contributed substantially to the economy in Arizona and Yuma County.

## Airport Highlights

- More than 68,000 total passenger enplanements in 1998
- More than \$9.4 million spent in federal and state capital improvements at Yuma International Airport in the past five years
- 106,108 total aircraft operations in 1998
- 86 based aircraft at Yuma International Airport in 1998
